

Hello Trustees,

Please let the public record reflect that Pastor, Sielemann and Finch households, also known as complainants, continue to object to music and amplified sound past 9 p.m in response to Brother's Field applications to be reviewed on July 26th, 2022 at the next village meeting.

The applications complainants object to include;

Acoustic Nights until 10 p.m. (5 dates)

https://www.longgroveil.gov/sites/default/files/fileattachments/village_board/meeting/packets/6631/like_music_special_event_application.pdf

Freshie Fest until 10:30pm (1 Date)

https://www.longgroveil.gov/sites/default/files/fileattachments/village_board/meeting/packets/6631/freshie_fest_special_event_application.pdf

Complainants are asking Trustees to not grant permits past 9 p.m. and for the board to adhere to Illinois statutes as well as Long Grove's own downtown ordinances. Complainant's rights to quiet enjoyment of their properties and sound decibel emissions are heavily regulated items in Illinois under the Illinois EPA act.

We will continue to support events where music and amplified sound end promptly at 9 p.m and feel this is an incredibly fair compromise to ensure further litigation of the matter does not continue.

Thank you,
Ben

Benjamin Finch
