Subject: Special use permit for The mill pond outside dining area.
Attachments: Special Use Permit ordinance for patio and outdoor dining at Mill Pond Shoppes_v3.DOC

The noise and disruption that will only be enhanced by this deck expansion is not a new occurrence. Here is a copy of the special use permit with the restrictions that apply. As the rules in this permit have been violated and abused over the years we as residents have to take the blame for that....we didn't constantly speak up.

There comes a point where you just can't complain constantly about everything. People just tune you out.

This however is the proper time to stand up and fight for our neighborhood.
