Ning,

Thank you for providing feedback. This is currently not before the village board but I will share your comments with the trustees.

Dear Helen and Bill,

My name is Ning Hong, property owner of 4924 Thimbleweed Trail, Long Grove, IL 60047.

I am voting against for the proposed temple in our neighborhood (4359 IL 22, Long Grove, IL 60047). We are in a neighborhood of residential properties. The traffic along Illinois 22 is already being a problem. We cannot afford and I don't agree either for having some religious temple in our neighborhood. It will affect and destroy our long-standing natural beauty and purely residential character of the surrounding area.

Thank you for your attention to this matter.

Br,

Ning Hong
