Memorandum

TO: President Jacob
Village Board of Trustees

FROM: Gregory Jackson, Village Manager

DATE: January 10, 2022

RE: EDC Action Items

During the January 6, 2022, Economic Development Commission meeting the subject of objectives, goals and or programs for the calendar year 2022 was discussed. The Commission, recognizing their role in supporting the Village Board's policy making decisions, seeks a prioritization of action items from the Board. Once identified the intent of the Commission is move forward with their strategic plan and begin execution. Trustee Michaud intends to present more detail in her Trustee's Report on January 11th.

To identify objectives to be achieved Trustee Michaud and I discussed compiling a list of potential action items for Board consideration. The list is attached and is nothing more than items for consideration and or to serve as a catalyst for other suggestions.

If you require any additional information in advance of tomorrow evening's meeting, please let me know.
