Everyone,

You are receiving this email because your municipality chose to renew the 2022 Rock Salt for this year. Attached are the unit price increases from Morton Salt. Morton's new unit prices are in yellow. I included last year's prices plus a column that shows the percentage increase this year. Now everyone will have to decide if they wish to accept the unit prices. To officially renew, you need to go through whatever approval process your municipality does and then send an acceptance letter to Morton. Lake County uses MFT funds to pay for the salt so we have to submit using the BLR 12330. I have attached a copy of the BLR 12330 we will be using along with the acceptance letter as examples. I have also included a blank BLR 12330 for your convenience. I have put the Morton Salt contact information below.

If you have any questions, feel free to contact me via email or phone call.

Sincerely,

Michael
